

The *Chippokes Farm & Forestry Museum* tells the story of Virginia's agricultural and forestry industries through the display of antique farm and forestry equipment, tools and housewares. Consisting of a complex with five exhibit buildings, a forestry interpretive trail and a 1930s sawmill, the museum offers a variety of special events, programs and workshops throughout the year.

The Annual Gift Fund is a vital source of revenue because:

There are no state funds allocated for the museum's non-personnel operating budget, even though it is located at Chippokes Plantation State Park. Therefore, we rely on the generosity of donors such as yourself.

Operating expenses range from providing programs throughout the year, repairing antiques in the collection (which total over 8,000 items), to maintenance of the grounds, trail and demonstrational garden, to list a few.
